

Medication Policy for Parents

In order for a student to receive any medication during school hours, **the parent or guardian must provide the student's medicine and written permission.** Medication that is brought in by the parent must be in its original container and labeled with the student's name. The law does not allow the school to keep stock medications in the health room. No other student will have access to your child's medication. If a student requires medication to be given for more than two weeks, a written permission for medication administration is required from your child's medical provider. Please do not send medication to the school with your child- it must be brought to the office by an adult.

Thank you.
